Hi Valois

Apologies for not getting to this until today. I have made three suggestions to this document. See page 23 (two edits here), and page 27. If you search for "Sara" you'll find my name in the comment bubbles next to the additions. I have gone ahead and inserted suggested language for you to consider.

Give me a call if you have questions or need anything else. I am also around this weekend if you want to call my cell  
happy to pitch in if I can.
